

**Subj:** HARO, Reno's Downtown Riverwalk

Hello Molly,

I saw your HARO about best "river walks" in the U.S and I wanted to share details with you about [The Riverwalk District](#) in Reno, Nev. The Reno riverwalk complements the flowing Truckee river and the unique museums, restaurants, beer gardens, bars and activities that surround it. The Truckee River is 121 miles long and flows directly from one of the purest-water lakes in the world, Lake Tahoe, straight through the heart of Downtown Reno.

The Riverwalk District is a popular destination for Reno locals and tourists alike whether it's taking a sunset walk by the water or catching a movie at the Century Riverside Theater. With options ranging from fine dining to local craft beer gardens with interactive games, there is something for everyone to experience and enjoy.

### **Restaurants and Bars**

Several upscale restaurants located along the riverwalk include [Wild River Grille](#), [CAMPO](#), [Beaujolais Bistro](#) and [The Shore](#). For more casual offerings, [Sabrina's West Street Kitchen](#) and [Antonio's Mexicana Grill](#) are great options. Reno has no shortage of amazing breweries, distilleries, and bars as well. A few popular bars worth checking out on the Riverwalk District are [Ole Bridge Pub](#), [Sierra Tap House](#), and [The Eddy](#).

### **Entertainment**

After popping into one of the Riverwalk District's restaurants or bars for a bite to eat or a cocktail, there are many options of riverside activities and entertainment to choose from. In the summer, you can find many locals 'floating the river' or enjoying Reno's popular river [wine walks](#). [The National Automobile Museum](#), [The Nevada Museum of Art](#), or catching a movie at the [Century Riverside Theater](#) are all adult and kid friendly activities to do while simultaneously enjoying the beautiful riverscape and everything the Riverwalk District has to offer.
